Beloved Brothers in Christ, our desire is that Our God whom we serve will bless you always. 7 MISSIONARY WORK: We are always helping the brethren of our sister congregation of Christ in San Gregorio, Murra and I am the bearer of good news, in that on this month, brother Neftali had two baptisms and Sunday your servant was with them and a sister was reconciled and a friend promised that he would be baptized and 5 new friends are visiting the church. Soon I will be traveling to La Pita, I have not been able to go because the distance that one must travel is long and this servant has high blood pressure. To get to this place one must walk 6 hours on foot. I will be giving you news of this work.

8. WEEKLY PROGRAM OF THE CHURCH:

- A) Tuesday we have bible studies in the homes of the brethren, we based it on "Anxieties" and questions from the brethren, it takes place from 6 to 7 pm.
- B) On Wednesday we have Bible studies at the Church bldg. from 6 to 7 pm.
- C) On Thursday the sisters have Bible studies at their homes
- D) On Saturday we have a chain of prayers at the Church bldg. from 6 to 7 P.M.
- E) On Thursday and Friday I attend the Radio Program from 1to 2 P.M. I am sharing the theme of the "Biblical Church"

NOTATION: I want to ask your prayers for us because we are experiencing difficulties, the reason is that in this northern part of the country it is very severe and the cost of life itself is high, I ask your prayers so that this situation will not despair our brethren. if it is in you to help with food, medicine or milk for our children God will repaid you, since on account of the economy there are brothers that are not working because this is a place of agriculture. Believe me beloved Brethren that it grieves me to observe the children suffering for lack of food. God bless you, If I had a camera I would show you what I having been talking about.

Crean amados que da compasion observar a los nios como sufren por falta de alimentos .Dios les bendiga

Si yo tuviera una camara les ensearia todo lo antes dicho.
